

Springfield Sister Cities Association

2020 Sponsorship Opportunities

Cultivate culture in Springfield!

We strive to encourage peace through understanding, to welcome and embrace unity within diversity, to facilitate cultural, economic, technological, and informational exchanges, and to transform distant locations into person-to-person relationships.

A sponsorship with Sister Cities shows your stakeholders that your organization/business cares about the Springfield community on a global scale, and it will support us as we strive for "Peace through People."

Springfield, Missouri
